

Ways we're making mortgages more affordable.

Whether you're a first-time homebuyer or looking to purchase your next home, we have affordable mortgage programs for you. Not only will we work with you to find a mortgage that best meets your needs, but we'll go above and beyond to find any additional funds that may be available through grant or down payment assistance programs.

M&T Grant Program

We have grant funds² available for first-time home buyers that can be used towards your down payment³, closing costs, out-of-pocket costs, and mortgage insurance. As a good neighbor to the communities we serve, it's our mission to help support the dream of homeownership.

Down Payment Assistance

Once you find a home or determine what area you're looking at, we will use Down Payment Resource® to find grants and other down payment assistance programs you may be eligible for.

Let's connect to talk about your mortgage options and see what other funds may be available.

Why choose M&T's Biweekly Mortgage?

The difference one extra payment a year makes.

Our Biweekly Mortgage has its benefits and many homeowners have decided to take advantage of this popular option. You can use the yearly calendar to keep yourself on track and save at the same time.

What is a Biweekly Mortgage?

It's a mortgage with a biweekly payment instead of a monthly payment. By making payments every two weeks, you make a total of 26 payments per year instead of 12. Each payment will be equal to half of what your monthly payment would be and as a result you end up making one extra monthly payment per year.

What are the benefits of our Biweekly Mortgage?

Interest savings. Making one extra payment each year will pay your principal balance down faster, reducing the amount of interest you pay on your loan. With an M&T Biweekly Mortgage, you're less likely to feel the impact of making one extra payment spread out over the course of one year. This extra payment made year over year has a compounding effect that may save you thousands of dollars over the life of your loan.

Stay on track. If you're paid on a weekly or biweekly basis, your Biweekly Mortgage payment will sync up with your paycheck, helping you manage your finances. M&T's Biweekly Mortgage can help you create a better budget and stick to it while paying your mortgage balance down faster.

If you're still unsure if the Biweekly Mortgage is right for you, we have flexible payment plan options that can be set up after your loan closes.
